

”International talents perspectives on Housing in Greater Copenhagen and Southern Sweden”

Spring 2017

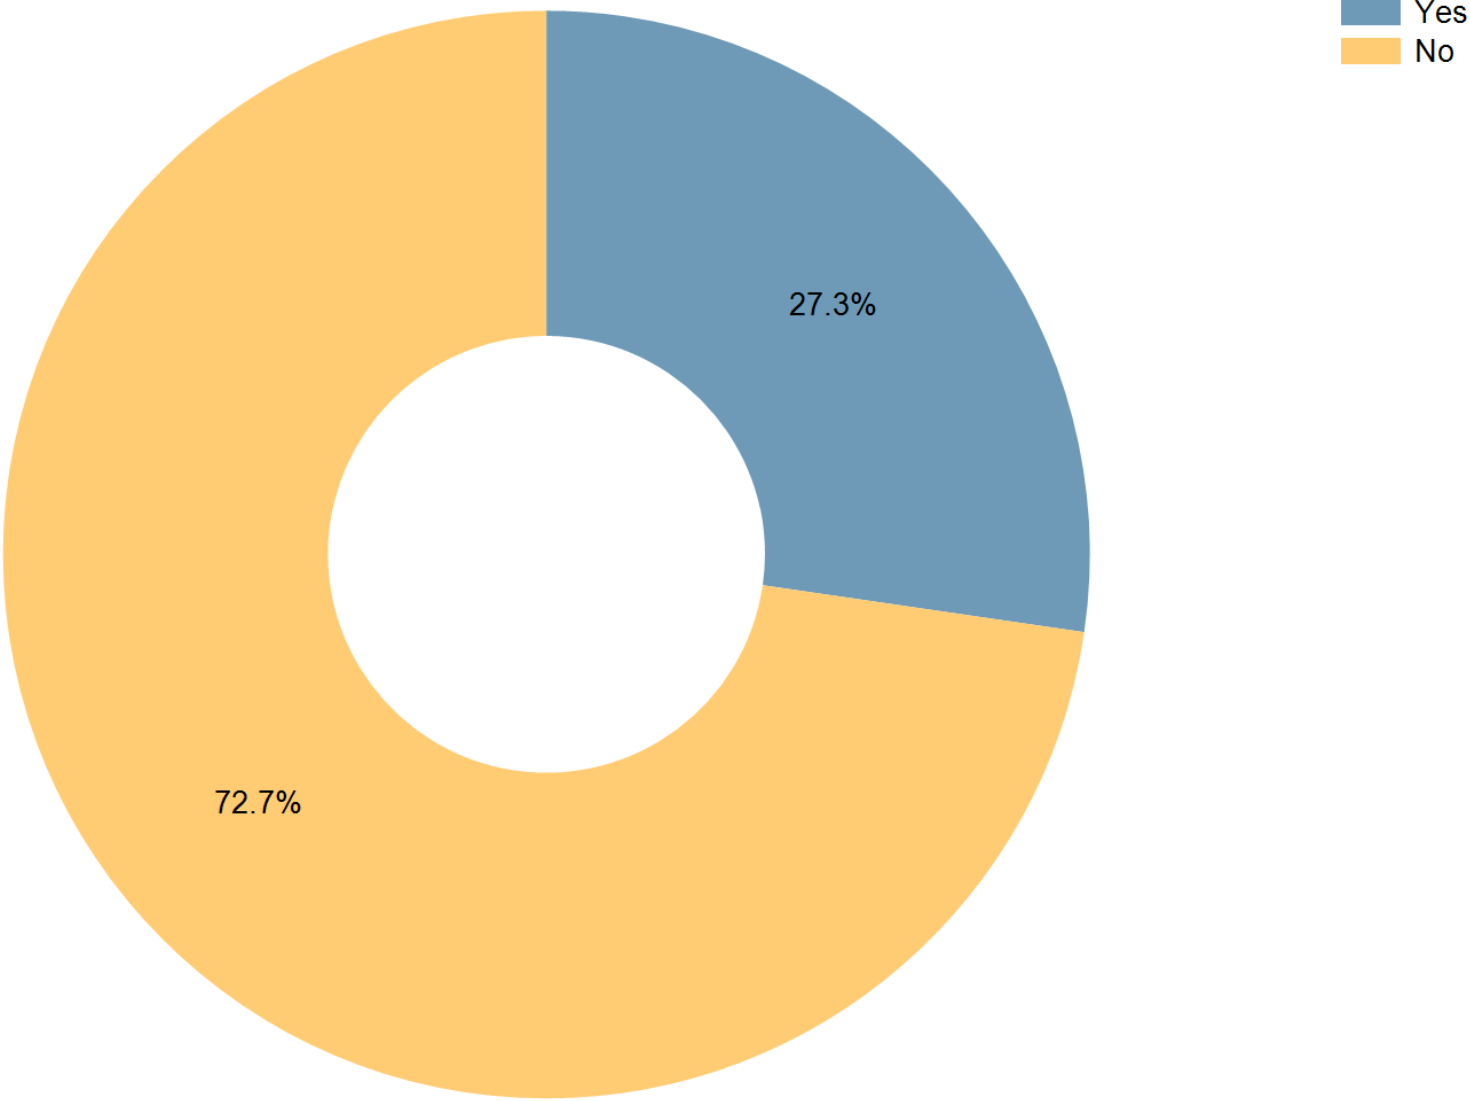

Undersøgelsen er gennemført i foråret 2017, i delprojektet ”Welcoming International Talents”, hvor der er oprettet et International Talent Forum (ITF). Der er i dag 354 deltagere i ITF, der alle er bosat i Øresundsregionen. Flest er bosat i Danmark, men der arbejdes på at få flere deltagere bosat i Sverige. Der var en svarprocent på 44.

De deltager løbende i surveys omkring vigtige forhold i deres hverdagsliv. Tidligere er der lavet en survey om Civic Participation, og der er planlagt to surveys om Daycare & Schooling samt Study and Work i resten af projektperioden.
